

MICROSOFT EXCEL 2016 ADVANCED - ONLINE INSTRUCTOR-LED TRAINING

Generate a [group quote](#) today

COURSE LENGTH: 1.0 DAYS

If you use Excel 2016 everyday, then having advanced skills in the program will make you more valuable and give you the confidence required to take on more advanced tasks and projects.

The PD Training Microsoft Excel 2016 Advanced Training Course provides you with comprehensive training in the advanced features of Excel 2016, including creating and running Macros, Flash Fill, formulas and functions, data management, customisation, auditing, grouping and transporting data and solving errors. We use secure Video Conferencing with interactive features such as live polling, screen sharing, whiteboards, live chat and breakout sessions. Please discuss your preferred platform, most commonly we use Microsoft Teams, Skype for Business, Webex or Zoom upon request.

These courses are facilitated in English, and are open to people from different industries across the USA, Australia, New Zealand, Singapore, Malaysia and Hong Kong - this is a short but powerful learning

experience that gives you global collaboration opportunities. Our trainers and processes have been refined to give you a personalised learning experience.

****Please note, these classes run to a very tight schedule, please follow the invitation and join the class 10-minutes prior to commencement so you are ready to participate and don't miss a minute!**
