

MICROSOFT OFFICE 365 WORD ESSENTIALS

Generate a [group quote](#) today

COURSE LENGTH: 1.0 DAYS

With Office 365 Word, you can access your documents anywhere, and make changes without using a computer where your desktop Office applications are installed. This tool provides its users the freedom to work from anywhere, thus boosting productivity and convenience.

With this Microsoft Office 365 Word Essentials training course, participants will learn all of the basics of the traditional out-of-the-box word software, including creating, opening, saving, and printing files, how to master workflow efficiency using pop out windows, converting documents, and printing from the reading view without opening the file, discover ways to enhance documents with various formatting options for fonts, paragraphs, lists, and pages, understand how to insert and format tables and pictures, increasing ways to relate information to readers and much more.

This training course is now available in Malaysia and Kuala Lumpur.

This Microsoft Access 2010 Advanced training course can be delivered at your premises by one of our expert local or international trainers or live online using our [HIVE](#) technology.

MICROSOFT OFFICE 365 WORD ESSENTIALS COURSE OUTLINE

FOREWORD

In this Microsoft Word 365 Essentials course, participants will become efficient using the new web application interface to create and share documents, as well as learn standard document-editing skills. Collaborate with co-workers with a click of a button with this new web-based software. Users will master workflow efficiency by learning about the work modes that are offered, including the benefits of working in the browser versus Word, pop-out windows, and converting documents. Formatting and editing techniques will be taught, as well as inserting tables and pictures.

With Office 365 Word your participants will learn how to edit, share, and publish Word files using the Office 365 interface. The Office 365 experience is designed to render your documents to look exactly like they would when printed, from nearly anywhere in the world. This tool provides its users the freedom to work from anywhere.
