

Microsoft OneNote
2007
Advanced

Course Length: 1.0 days

Have you ever wished you could track appointments, take meeting notes, record research and keep to-do items all in one place? Well, you can accomplish that with OneNote 2007. OneNote is designed for note taking, brainstorming, research, searching, collaboration, collecting random bits of information in a single convenient place.

Upon the completion of this Microsoft OneNote 2007 Advanced training course, participants will find it all much easier to do with OneNote, and will be able to keep all information in one easy-to-manage location. Furthermore, participants will be able to sort and view pages, create hyperlinks to web locations, other files, or other OneNote pages, use tables, understand the use of the drawing and pen tools and much more.

This training course is now available in Malaysia and Kuala Lumpur.

This Microsoft Access 2010 Advanced training course can be delivered at your premises by one of our expert local or international trainers or live online using our HIVE technology.
