Microsoft OneNote
2010
Advanced

COURSE LENGTH: 1.0 DAYS

OneNote has several advanced features that can improve document and time management skills. This Microsoft OneNote 2010 Advanced training is intended to enable the participants to productively use the advanced components of the Microsoft OneNote 2010 application when working in or away from their main offices or study environments.

Upon the completion of this third and final course on Microsoft OneNote 2010, participants will be able to sort and view pages, work with page versions, create hyperlinks to web locations, other files, or other OneNote pages and much more!

This training course is now available in Malaysia and Kuala Lumpur.

This Microsoft OneNote 2010 Advanced training course can be delivered at your premises by one of our expert local or international trainers or live online using our [HIVE](#) technology.
