

PROFESSIONAL TELEPHONE SKILLS

Generate a [group quote](#) today

COURSE LENGTH: 1.0 DAYS

The telephone is considered as the most convenient and quickest instrument to establish contact with clients by the majority of companies. In fact, call centers are the leading operational departments of many organizations. So, it is fundamental that employees assigned to take or make phone calls to clients must possess superior telephone etiquette. These employees must display good communication skills, willingness, courtesy and the abilities to efficiently assist clients.

This Professional Phone Skills course from PD Training teaches you on how to represent your organization in a clear, friendly yet professional way. Remember, excellent customer service is an important ingredient to the success of any organization. Clients who experience high-quality service are more willing to build a lasting relationship with your company. These clients can turn out to be long-term, loyal customers who spread the word about their positive experience.

This practical and engaging training course is available now throughout Malaysia and Kuala Lumpur.

This Professional Telephone Skills training course can be delivered at your premises by one of our expert local or international trainers or live online using our HIVE technology.

PROFESSIONAL TELEPHONE SKILLS COURSE OUTLINE

FOREWORD

This Telephone Skills Training course will provide your staff with the awareness and skills they need to handle phone calls professionally. This will ensure the positive image of your organization is reinforced and strengthened with every conversation.

In today's business environment, telephone etiquette displayed in organizations is indicative of its willingness and ability to efficiently assist customers, both internal and external. The skills and the attitude projected over the telephone forms a lasting impression in the minds of an organization's customer, making it a critical customer 'touch point'.

Today virtual teams are the norm rather than the exception, and one of their primary channels of communication is the telephone. Hence, it is imperative for external employees to have a good understanding of business telephone etiquette in order to aid efficient information exchange.

This **Professional Telephone Skills Training Program** aims at helping employees create a lasting impression in their customers' minds - one that shows the organization reflected in the best light possible. It focuses on developing telephone etiquette and skills to deal with customers assertively, empathetically, with a sense of care and a positive attitude.
