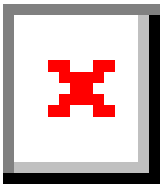
0.5 DAY COURSE

5S is the method of creating, maintaining and improving a clean and orderly workplace in Kuala Lumpur that exposes waste and errors. It helps identify unplanned levels of inventory, inadequate work processes,wasted time and inefficiencies in equipment and other tools.



5S is a great place to start on your continuous improvement initiative, because it promotes an action oriented approach to change, and allows everyone in the organization to get involved and provide input with improving their workplace.

This dynamic training course is available now throughout Malaysia, including Kuala Lumpur.

This 5S Continuous Improvement training course can be delivered at your premises by one of our expert local or international trainers or live online using our HIVE technology.

What You'll Gain:

5S is much more than just effective"housekeeping". Housekeeping and an organized workplace are the results of 5S, but the real purpose of 5S is to uncover errors and problems more quickly.

Learn to reduce waste through a systematic application of 5S principles – Sort, Set in Order, Shine, Standardize, and Sustain. This workshop teaches the basic 5S techniques and illustrates that its implementation immediately reduces waste and provides a cleaner, safer work environment.
